

**St George's**  
School Edgbaston

# ADMISSIONS POLICY

Revised: December 2024

St George's School Edgbaston is a co-educational, selective entrance, Independent day school for pupils between three and eighteen years. St George's has an ethos based on Christian values; however, we welcome staff, pupils and parents from many different cultures, faiths and backgrounds. We are an inclusive mainstream school, who in addition to academic ability and potential, look for a range of qualities and skills which pupils might contribute to school life. The school does not select pupils on academic ability alone, but assesses the full range of a child's talents and abilities in order to clarify what each child can do, and what they could achieve given the nurturing, support and opportunities available within the school. We are proud to have achieved the Rights Respecting Schools' Gold Award.

The School is organised into the following settings:

- Prep School (for pupils aged 3 to 11)
- Senior School (for pupils aged 11 to 16)
- Sixth Form (for pupils aged 16-18+)

Whilst the usual entry points are at Pre-School (3+ years), Reception (4+ years), Year 7 (11+) and Sixth Form, places do become available at other points throughout the year. Parents/ carers / guardians are advised to contact the school to enquire if places are available in the year group appropriate for their child. Admission will be subject to the availability of a place and the pupil satisfying the entrance requirements as described in the procedures for entry below.

St George's students commence their GCSE curriculum from September of Year 9. Students wishing to apply for a place in Years 10 and 11 would be advised to talk to the school before registering their interest in a place; we would also encourage this for students who are considering a place in Year 13.

## **Prep School**

We host three Open Days and Open Mornings a year. If you cannot attend the Open Days/Mornings, our Admissions Team will be happy to arrange a tour for you. Tours take approximately an hour. You will be taken around the school, be introduced to the Class Teacher/s for the year band/s you are interested in, and then meet the Head or Deputy Head of Prep School. A member of our Admissions Team will be available to answer any questions you may have. The School Prospectus and Registration Forms are available on request.

## **Pre School and Reception Class (EYFS)**

Our Admissions team will make an appointment for parents to view the Prep School and meet the Head of Prep School and Pre-School/Reception Class Teacher, if they have not already had the opportunity to do so.

Upon receiving the Registration Form and **non-refundable** Registration Fee a confidential reference will be sent to your child's current setting to help us gain insight into their academic and social aptitudes. Based upon the information we receive, we may then organise for our Reception team to visit your child in their current Nursery (or class setting if transitioning within current year band). This enables us to see your child in their familiar setting and talk to the adults who currently work with them. This can be an important part of the process as we need to ensure we can meet all of your child's needs. The more information we have about your child, the more effective their transition into our school.

If we are unable to visit your child's current location (for example due to relocation), our Reception class teacher may make phone contact with your child's current setting.

During the visit or call the teacher may complete an assessment summary sheet on the child, which provides information about the child's academic and social abilities. We will use this information to help us decide whether the child should be offered a place. Our Admissions Panel will make the final decision as to whether a place should be offered, and will consider the information gathered from your child's current setting, any assessments/paperwork from external agencies, and a confidential reference taken up from the child's current nursery/school.

## **Year 1 to Year 6**

Our Admissions team will make an appointment for parents to view the Prep School and meet the Head of Prep School if they have not already had the opportunity to do so.

Upon receiving the Registration Form and **non-refundable** Registration Fee a confidential reference will be sent to your child's current setting to help us gain insight into their academic and social aptitudes. Based upon the information we receive prospective pupils may be invited in to spend a day with their appropriate peer group. This enables staff to observe the child both at work and play, and lets the child discover if they feel comfortable in the Prep School environment. Occasionally we may ask for a pupil to attend further sessions/days in order to confidently ensure we can meet all the child's educational or social needs.

During the day spent in school the child will follow the timetable of the class they are with. However, time will be found within the classroom setting to observe skills in Mathematics and English. This is intended to be a positive experience for the child, and we do ask that you let us know in advance about any anxieties, concerns or needs your child may have.

The form teacher will complete an assessment summary sheet on the child, which provides information about the child's academic and social abilities. The teacher will then make a recommendation as to whether the child should be offered a place, and will discuss this with the Head of Prep School. Our Admissions Panel will again make the final decision as to whether a place should be offered, and will consider the information gathered from your child's taster day, any assessments/paperwork from external agencies, and a confidential reference taken up from the child's current school.

### **How do we make our Decisions?**

All applications go before our Admissions Panel which is made up of members of the Senior Leadership Team and the Inclusion Department. The decision-making procedure is based upon all the information we have on the child at the time of such decision. We do not look for purely academic skills, as we are equally concerned with the child's attitude, behaviour and social skills. We also consider the existing dynamic of the class or group your child would join. The decision taken is very much a holistic decision considering all relevant factors.

If a child has a specific diagnosis or learning difficulty, the Learning Support department would be involved to ensure that the appropriate provision could be offered (see the **Disability and Special Educational Needs** section of this policy). **We may withdraw the offer of a place if further information comes to light with regards to your child's needs that we were not aware of at the time of making the offer.**

If an offer is made then you will receive an offer letter and an acceptance form which must be returned to the school in order to for us to admit your child. Once we have received the acceptance, medical and data collection forms, as well as your first term's fees in advance (or confirmation that you have signed up to School Fee Plan), we will agree a start date for your child.

If we decide that we are not the appropriate setting for your child we will also inform you in writing. The Admissions Panel will have considered all the information made available to them (including information from our staff with regards to the taster days). No one person can make a decision whether to offer a place or not in isolation, and therefore the decision will be final.

The School will not discuss the reasons for not offering a place and there is no right of appeal. In addition, parents should note that the registration fee charged will not be refunded should a place not be offered. This fee represents a small proportion of the costs incurred by our staff processing and considering applications. We do not profit from such fees and therefore cannot return them should the application not be successful.

**Prospective parents are advised that entry into Prep School does not guarantee automatic entry to St George's Senior School.**

## **Senior School**

In line with our Prep School we host three Open Days and Open Mornings a year. If you cannot attend the Open Days/Mornings, our Admissions Team will be happy to arrange a tour for you. Tours take approximately an hour. The tour will provide an opportunity to see students participate in a number of different lessons and see the classrooms and facilities available in Senior School. There will also be an opportunity to meet some of the teaching staff in Senior School and if available, the Headmaster. A member of the Admissions Team will be available to answer any questions you may have. The School Prospectus and Registration Forms are available on request.

## **Year 7 Entry**

Our Admissions team will make an appointment for parents to view School and meet the Headmaster if they have not already had the opportunity to do so.

Entry into Year 7 is via a selective entrance exam. Parents/Guardians of all prospective pupils must complete and return the Registration Form together with the **non-refundable** Registration Fee prior to sitting the entrance examination.

An acknowledgement of the Registration Form and fee and a letter giving details of the November entrance examination are then sent to the parents. At this point a confidential reference will be sent to your child's current setting to help us gain insight into their academic and social aptitudes. The reference is an essential component in the admissions process; therefore, we ask for it prior to sitting the exam in order for us to let you know of our decision as quickly as possible.

Candidates applying for places after November may still be considered, and the school will arrange for further opportunities to sit the entrance examination at a time to suit. We also contact the pupil's current school and ask for a confidential report.

The examination consists of:

- English Test (Reading and Writing): 1 hour

- Maths Test: 1 hour

If your child requires Access Arrangements during the exam, you should provide us with an up to date professional's report which identifies the need for access arrangements and details what they should be.

We endeavour to find out as much as possible about each child before considering an offer of a place; in addition to the exam we pay close attention to a child's reference and reports from their current school, and in some cases, we also meet and interview a prospective pupil. The interview, whilst kept informal, is conducted by a member of the school's leadership team to allow consideration to be given to a pupil's character and any achievements and interests outside of school.

### **How do we make our Decisions?**

After tests have been marked and recorded, prospective pupils are placed in rank order. Our Admissions Panel considers each pupil in terms of test scores, any information from interviews, confidential reports, and any other staff/current school comments. Any further additional material may also be considered, such as letters from parents, evidence of personal achievements, as well as dyslexia, educational psychologists reports etc. (see the **Disability and Special Educational Needs** section of this policy). In some instances, further information will be requested from the Head Teacher of a prospective pupil's current school re behaviour or work attitude. The qualities that we look for in a pupil are not purely academic, and your child's current Head Teacher would be able to help us with our ultimate decision.

The first decision on who will be offered places is based upon all of the information we hold, not just test scores. Some pupils are offered places immediately, some we place on our waiting list, and some we are unable to accommodate at all. Our admissions decisions are not just based on your child. We consider the needs and fit of the whole cohort and the dynamic of such individuals together.

**We may withdraw the offer of a place if further information comes to light with regards to your child's needs that we were not aware of at the time of making the offer.**

All pupils who sit the entrance examination are informed of the outcome and the decision of an offer of a place in writing within 15 working days. Not receiving all of the information we need, or delays in response from your child's current school may prolong the process; it would be helpful if you could inform your child's school that we will be in touch and request that they cooperate in information sharing.

If you have received an offer letter we ask that you return your acceptance form to the school in order for us to begin working on your child's transition. Please note - we must also have your child's medical and data collection forms, as well as your first term's fees in advance (or confirmation that you have signed up to School Fee Plan), in advance of your child's start date.

If we decide that we are not the appropriate setting for your child we will also inform you in writing. The Admissions Panel will have considered all the information made available to them (including information from our staff with regards to the taster days). No one person can decide whether to offer a place or not in isolation, and therefore the decision will be final.

**The School will not be obliged to state its reasons for not offering a place and therefore is no right of appeal. In addition, parents should note that the registration fee charged will not be refunded should a place not be offered. This fee represents a small proportion of the costs incurred by our staff processing and considering applications. We do not profit from such fees and therefore cannot return them should the application not be successful.**

### **Application for Entry Year 7 – 11 (During the School Year)**

The school often receives applications for a place (or a place on the waiting list) at different times of the school year. Parents should contact the admissions office for up to date information. School prospectus and registration forms are available on request. Prospective pupils are encouraged to complete a visit and tour of the school.

Parents who approach us for 'mid-school' entry do so for a variety of reasons, and it is important for the school to understand these to aid any potential transition. Providing a place is available, we are prepared to consider any applicant on an individual basis following completion and return of the registration form together with the non-refundable registration fee. The process for considering such applications is the same as already set out above.

### **Entry to Sixth Form**

All current Year 11 pupils and parents are individually written to during the Autumn Term. They are also encouraged to attend Open Events and to meet with the Head of Sixth Form.

Open Events are also advertised to encourage interest from prospective applicants from outside of school. Providing a place is available, we are prepared to consider any applicant on an individual basis following completion and return of the registration form together with the non-refundable registration fee.

All of those making Sixth Form enquiries are given an information pack about the Sixth Form; including information about the wide range of courses and subjects that are available for study in the Sixth Form and the application process.

- At least 5 GCSE at grade 5 or above are required for entry to the Sixth Form
- A GCSE Grade 8 or above is normally required for acceptance onto our Maths, Biology, Chemistry and Physics A-Level courses, although subject teachers may consider individual circumstances. Requests to study subjects that have not been previously studied at GCSE will also be given careful consideration
- Following the GCSE results in August the Head of Sixth Form will be available to meet students and finalise their specific learning needs and aspirations
- Where appropriate, students will be timetabled to complete a Next Generation Award (NGA); a civic award that involves a community based project

### **How do we make our Decisions?**

Careful consideration is given to each individual subject choice, and the applicant's ability to study their preferences. Following an application and interview with the Head of Sixth Form the application will go before our Admissions Panel which is made up of members of the Senior Leadership Team and the Inclusion Department. If the offer of a place is made a record of the applicants preferred subjects is noted.

Any offer is conditional on the applicant achieving the necessary GCSE results, and so final confirmation of a place in the Sixth Form in August and early September.

If you have received an offer letter we ask that you return your acceptance form to the school in order to for us to begin working on your child's transition. Please note - we must also have your child's medical and data collection forms, as well as your first term's fees in advance (or confirmation that you have signed up to School Fee Plan), in advance of your child's start date.

If we decide that we are not the appropriate setting for your child we will inform you in writing. The Admissions Panel will have considered all the information made available to them. No one person can decide whether to offer a place or not in isolation, and therefore the decision will be final. **We may withdraw the offer of a place if further information comes to light with regards to your child's needs that we were not aware of at the time of making the offer.**

**The School will not be obliged to state its reasons for not offering a place and there is no right of appeal against the decision.**

## **Disability and Special Educational Needs**

Parents / Carers or Guardians of a child who has any disability (including a major long-term illness), additional needs, or Educational Health Care Plan, should provide the School with full written details when applying for admission (including professionals reports). The School needs this information so that, in the case of any child with particular needs, we can assess those needs and make sure the School can provide adequately for them throughout the admission process (including at interview, on attendance at the School and during the Entrance Examination, as appropriate) and during their life at the School. You should inform our Admissions Department if your child has additional needs and they will provide you with a useful 'frequently asked questions' guide to our school.

We are prepared to consider any applicant on an individual basis following completion and return of the registration form together with a non-refundable registration fee. **The school cannot facilitate reading and reviewing any paperwork prior to registration.** Should your child have additional needs or hold an EHCP, please read Appendix 1.

We ask that you provide us with as much information as possible with regards to your child's additional needs. **We may withdraw the offer of a place if further information comes to light with regards to your child's needs that we were not aware of at the time of making the offer.**

The School will comply fully with the Equality Act 2010.

The School will consult with parents (and Local Authority if appropriate) about the adjustments which can reasonably be made for the child both during the admission process and, if appropriate, later as a pupil, to ensure the smooth transition of the child into the school, and the most effective inclusion of the child whilst at the school. Any additional educational support may be subject to a further cost, in addition to the fees. We would encourage you to read our SEND Policy and SEND Information Report in conjunction with this policy.

## **English as an Additional Language/Overseas Students**

The school may be able to accommodate children whose first language is not English. Many pupils' needs can be met within the classroom, but if necessary further additional support can be arranged. This will be subject to further cost in addition to the school fees.

Overseas students are considered on an individual basis and must fulfil the requirements set out in the Admissions Procedures for Overseas Students prior to the offer of a place at the school (see Appendix 2).

We advise that applications for students wishing to study in Years 10 – 13 are made six months in advance of their intended start dates. Overseas students must commence their studies in September in each of these year bands; we do not accept overseas students for these year bands at any other point in the academic year.

### **Scholarships and Bursaries**

St George's offers Academic, Sports and Creative Scholarships. The tenure of any scholarship award is subject to continued high standards of achievement, behaviour and attendance at school and its wider events on the pupil's part; for Sports and Creative Scholars, it is also subject to full participation in the extra-curricular activities and events of the School. All scholarships are subject to successful annual review, and continuation is dependent on each pupil's behaviour, attainment and attitude to learning. The value of any award is strictly confidential between parents, the Headmaster and the School's financial management. Children should not be told the size of the award and breach of this condition can lead to the award being withdrawn.

Scholars and pupils awarded bursaries are expected to be ambassadors for the school and role models, demonstrating high levels of effort and attainment and actively contributing to the academic and extra-curricular offer at St George's. For more information with regards to Scholarships, please see our Scholarship Information booklet.

### **Bursary Information**

The School offers a limited number of bursaries to pupils prior to the start of each Academic Year. Candidates should have achieved well in our Entrance Exam, have an excellent reference from their current school, be good academic and social 'all-rounders' and display talent in one or more areas, including academic, musical, aesthetic, artistic and athletic. These bursaries are subject to parental means test and are awarded to enable talented boys and girls whose parents could not otherwise afford full fees.

Candidates for bursaries will be asked to sit the Entrance Examinations at 11+ and 16+ to fulfil the Sixth Form entry criteria. Below Sixth Form, the School is especially keen to attract pupils who are academically able and bursary help may be available to

assist parents who are unable to meet fees in full. Awards are rarely made to pupils under the age of 11.

Bursary awards are subject to annual assessment of parental means and may be adjusted depending on parental circumstances. The School employs a specialist company (**Bursary Administration Limited**) to assess a family's financial circumstances. BAL will then make a recommendation to the school - this may be for some fee remittance (maximum of 20%), or none. There is an annual administration charge of £80.00 for this application.

Parents requesting bursaries, or who are already in receipt of a bursary, must cooperate with the Bursary company's requirements.

Bursaries are awarded at the discretion of the Board of Trustees. There are five steps to applying for a bursary and they are as follows:

- Parents/guardians seeking a Bursary request an Application Form from the Finance Manager.
- The Finance Manger will pass the completed application form to BAL who will assess it. BAL will contact the parents/guardians to arrange to visit them at home to ensure the information has been correctly interpreted and the basis of the financial assessment has been fair.
- The application is then considered by the Trustees.
- Following completion of Entrance processes and Bursary Assessment the parents/guardians are advised whether their child will be offered a place at the School and the level of financial assistance available.
- Parents/guardians are then required to formally accept the place at the School and the conditions relating to the Bursary.

### **The Case for Assistance**

The Trustees will consider a number of factors when assessing any request for support. In the main, the child's suitability for the School is the first consideration in granting support. Bursary funds are limited and those judged most suitable and most in need will be given priority.

### **Annual Review**

All Bursary awards are subject to an annual assessment by BAL.

For those previously in receipt of bursaries, the Headmaster has the discretion to recommend to the Board of Trustees the reduction or withdrawal of an award where a pupil's progress, attitude or behaviour has been unsatisfactory, and where

parents/guardians have failed to support the School, for example by the late payment of any contribution they are making to the fees.

### **Application**

All applications should be made in writing and addressed to:

**Finance Department**  
St George's School Edgbaston  
31 Calthorpe Road  
Edgbaston  
Birmingham  
B15 1RX  
[finance@sgse.co.uk](mailto:finance@sgse.co.uk)

Should you wish to be considered for a bursary you should make this clear at the point of registration.

### **Conditions Applicable to all Awards**

- **Obligations of the pupil:** A pupil who is the subject of an Award is required to meet all the criteria of the award including that they work hard, maintain excellent academic progress, have excellent punctuality and attendance, contribute positively to the life of the School, to be a credit to the School and to set a good example to other pupils.
- **Obligations of the Parents:** The parents are expected to support and encourage the pupil to fulfil obligations and to uphold the aims and the good name of the School. The parents are also required to pay the balance of the account by the first day of term.

**Withdrawal of an Award:** The Award may be withdrawn by written notice sent to a parent if, in the opinion of the Trustees, the pupil or a parent has not complied with the obligations of the Award. Withdrawal of the Award shall take effect from the start of the following term.

The Award may be withdrawn by written notice if the balance of the account remains unpaid 28 days after a written reminder has been sent to the parents.

**Fees in lieu of notice:** For the avoidance of doubt, the benefits payable under an Award do not apply to any term for which the School has required payment of fees in lieu of notice.

Awards are not applied to sundries such as trips, lunches, uniform, sports kit and school equipment etc. They do not apply to any provision beyond our core offer.

This policy, along with all other policies, will be reviewed annually by the SLT, the Admissions Team, the SEND Departments and the Board of Trustees.

## **Appendix 1: SEND Admissions**

### **Pupils with Additional Needs**

Due to our commitment to inclusive education, the school is extremely popular. With this in mind, we host monthly tours where parents and pupils can view our facilities and speak to a member of our Inclusion Department about the provision we offer. If you would like to book a place on one of our tours, please contact our Admissions Department. We have a 'frequently asked questions' guide to admissions for pupils with additional needs which can be requested at the point of enquiry.

Traditionally pupils access places in St George's by passing our selective entrance exam or assessment taster day/s, which is still the expectation. The school will endeavour to make reasonable adjustments in accordance with the Equality Act. Where additional provision is needed over and above our core offer, additional costs will be charged. In the maintained sector each pupil has a 'notional budget' of £6000 allocated to meet any additional needs, with the LA providing 'top up' funding for children with a higher level of need. Top up funding is allocated through the CRISP process. Independent schools do not have access to CRISP; nor does the sector receive the notional budget or top up funding. Some of the provision your child requires may be beyond our core offer; therefore, you need to be aware of the additional fees we would charge to meet your child's needs appropriately. These are available from our Admissions Department, and will be shared once you have registered your interest in our school and we understand more about the needs of your child.

Our SEND Information Report is available on our website and details which interventions and support form part of our core offer (available to all), and which are beyond (not available to all).

All applications for pupils with SEND are considered at a fortnightly panel meeting. The panel is made up of members of the school's Senior Leadership Team and the SENCOs. Our Admissions Team will let you know the date of the meeting at which your child's application will be considered. We aim to respond to you within two working days of the panel meeting to inform you of the school's decision.

### **Pupils with Educational Health Care Plans**

St George's School does have a number of pupils on roll who hold Educational Health Care Plans. Their placements are supported in the main by Birmingham and Solihull, but also Sandwell, Staffordshire, Worcestershire and Dudley Local Authorities. **Consultations for those with EHCPs must come through the Local Authority, though parents are still welcome to get in contact to discuss our school in advance of this.**

We host monthly tours where parents and pupils can view our facilities and speak to a member of our Inclusion Department about the provision we offer. If you would like to book a place on one of our tours, please contact our Admissions Department. We have a 'frequently asked questions' guide to admissions for pupils with Educational Health Care Plans which can be requested at the point of enquiry.

Following a tour, should you have a preference for St George's you should ask your Local Authority (LA) to initiate the Consultation Process. If the LA agrees to consult they will send all pertinent documentation relating to your child (copy of the EHCP, review paperwork, professionals reports etc.). Please ensure you are happy that the paperwork shared is up to date and reflects the current needs of your child. More information about school placement can be found on the [My Care in Birmingham](#) or the [Solihull Local Offer](#) websites, or via your local Special Educational Needs & Disability Information, Advice and Support Service (SENDIASS).

Please note: The School will not read any professionals reports, additional paperwork or EHCPs unless your LA consults us with regards to placement; you can however register your interest as detailed in the **Disability and Special Educational Needs** section of this policy.

Once the school receives the consultation we have fifteen **working days** to respond. During this time, we will review the consultation paperwork and speak to your child's current setting; we may ask to visit your child's current nursery or school; alternatively we may ask your child to attend some taster days or sessions at St George's. All of this will help us to understand your child's needs and make a decision as to whether we can provide for them in our setting. The consultation will be considered at our SEND Admissions Panel meeting; the panel is made up of members of the school's senior leadership team and the Inclusion Department. Our Admissions Team will let you know the date of the meeting at which your child's application will be considered. Not receiving all the information we need, or delays in response from your child's current school may prolong the process; it would be helpful if you could inform your child's school that we will be in touch and request that they cooperate in information sharing.

If your child holds an EHCP we aim to inform your LA of our decision within two working days following the panel meeting. Should we feel we can meet needs, we will respond to your LA with a set of costs for placement. The final decision is in their hands and should be discussed directly with them. If placement is agreed a member of our Inclusion Department will contact you to support smooth transition into the school. If a parent were to choose to challenge the LA through an appeal to the SEND tribunal on a decision not to agree placement, it is important that you speak to us in

advance so that we can confirm the extent and type of information that we may be able to provide for an appeal. We cannot guarantee our support with such an appeal, but this very much depends on the circumstances.

The school may decide that our setting is not the best provision to meet your child's needs. We will respond with our decision directly to your LA who will inform you accordingly.

**The School will not be obliged to discuss its reasons for not offering a place and there is no right of appeal against such a decision.**

Any further conversations with regards to school placement should be had with your LA Principal Officer or your SENDIASS worker.

## **Appendix 2: Admission Procedures for Overseas Students seeking admission to St George's School**

The following requirements **must** be met before St George's can consider whether a place there is appropriate for an overseas applicant.

1. Parents must complete and return a Registration Form together with a non-refundable Registration Fee of £840, a current school report, a copy of the child's passport and a copy of the child's birth certificate. Originals must be produced on arrival at the school. This must include the front cover of the passport as well as the identification page with the photograph.
2. The school employs the services of Newland Chase Education, a specialist immigration firm based in the UK. Any offer received from St George's School will be conditional upon the use of Newland Chase Education.
3. If the child meets our entry requirements, the School will then confirm an offer of a place. Skype may be used for the interview process.
4. The school will then send an invoice for the first year's fees plus a refundable deposit of £500, which should be returned to the school as soon as possible.
5. Once the school and Newland Chase Education is content that all UKVI entry requirements have been met and all necessary documents received, we will issue you with a Certificate of Acceptance of Studies (CAS). You will need the CAS number for a visa application. Please note that you must use the original documentation and the CAS number for the visa application and that only one CAS will be issued per pupil.
6. In the event of a visa application being refused, or should a student not take up a school place which has been allocated, the school cannot guarantee that fees will be refunded. In such an event, individual circumstances will be considered but the school cannot guarantee that all or part of fees will be refunded.
7. We reserve the right to re-test students' knowledge of English on arrival at St George's. This is done to check each student's ability to cope with the curriculum.
8. If the school discovers that the student's level of spoken and written English is not as anticipated, we may have to change the course originally offered to the student. This might include asking someone enrolled to study 'A' Levels to first join year 11 for a year, or to reconsider his or her choice of subjects.
9. If it is clear that the student will be unable to cope with the curriculum within St George's School, we may ask the student to withdraw.
10. The school will require confirmation that accommodation arrangements made by parents of overseas students are through a private arrangement with a blood relative.

11. Students may live with parents who obtain Parent of Tier 4 Child visas, which requires a child under the age of 12. If you wish to pursue this route the school requires that this be done through Newland Chase Education, who can provide more information.
12. The school must be notified of any and all changes to UK living arrangements for the duration of the student's study.
13. The school is required to receive details of travel arrangements and copies of itinerary/flight tickets in advance and certainly before the child departs for the UK. If a child is travelling to the UK *unaccompanied*, it is imperative the school is aware of who will meet the child on arrival at the UK airport.
14. Parents and sponsored students must be aware of the requirement to attend regularly and be punctual. Failure to adhere to this will result in immediate expulsion.
15. Parents will be required to update contact details at the end of each half term.

*Should the school become aware that an overseas student under the age of 16 (or 18 if disabled) is provided with care and accommodation by someone to whom they are not related, the school will notify the local authority of the circumstances, and the local authority will check that the arrangement is suitable and safe for the child.*

**The School will not be obliged to discuss its reasons for not offering a place and there is no right of appeal against such a decision.**

### **Appendix 3: Admission Procedures for Hong Kong BNO Holders applying for a student place at St George's School**

The following requirements must be met before St George's can consider whether a place there is appropriate for an applicant.

1. Parents will need to complete and return the initial enquiry form along with both parent's passport, their child's passport and birth certificate (original and translated). Originals must be produced on arrival at the school. This must include the front cover of the passport as well as the identification page with the photograph.
2. Parents must complete and return the registration form together with the £300 registration fee.
3. St George's School will request a confidential reference from the child's current school.
4. A Microsoft Teams interview with parent/child will take place.
5. St George's School will request the families online share code given by the Home Office. This will enable us to view the family's status. Places cannot be considered without the share code.
6. The child's application will go to St George's School admissions panel.
7. Parents will be informed if a place has been offered or declined.
8. Successful applicants will receive confirmation of a place in an offer letter and an invoice for the first terms fees and acceptance fee (£250).
9. The place is confirmed when the applicant returns the acceptance forms, acceptance fee and first term fees.

**The School will not be obliged to discuss its reasons for not offering a place and there is no right of appeal against such a decision.**

**This policy, along with all other policies, will be reviewed by the SLT, the Admissions Team, the SEND Departments and the Board of Trustees.**
