Review of Marking (R2) Deadline: 18 th September 2026	The paper will be sent to the exam board where an external examiner will check to ensure the mark scheme has been applied correctly. This is NOT a complete remark of the paper. It serves to check there have been no errors with the application of the mark scheme or the totalling of the marks. Marks can go up or down as a result of the review, which can subsequently positively or negatively affect the overall grade. Students MUST take this into consideration when applying for this service. There is no grade protection within this service, therefore students must keep this in mind.

As with above, there is no grade protection, therefore overall grades can increase or decrease following review.

Should you wish to access your script or apply for a Review of Marking (RoM), please contact Miss Turner in the Examinations Office, or email Examinations@sgse.co.uk, for the required forms.

It is **strongly advised** that before requesting a review of marking, scripts are accessed first, and discussions are held with a member of the subject department. This will aid in determining whether a review would be appropriate. Staff can only advise, and any final decision regarding submitting papers for a review is at the discretion of the student.

Scripts cannot be accessed, nor reviews without written permission from the **candidate**. Post-result services can also not be applied for until payment has

been received. Payment can be made via the Finance Department, once the request form has been submitted to Miss Turner (Exams Officer).
